## KNOW HOW SINCE MORE THAN 40 YEARS

**NATHAN** was founded in 1978 as a better way to store your keys while running. A little thing but it was simply better. In that same spirit NATHAN expanded into, hydration and visibility, and has become the leader in running essentials. Going forward, NATHAN looks to offer products for before, during and

after running. We are looking to build products that eliminate barriers and empower the runner. You will see this shine in our expanded Run Safety line and RunAway collection. Our legacy products will continue to be category leaders, our stories will speak to the runner in all of us, and our new product will

empower us all to run stronger, longer, and to be the best version of us we can be.

NATHAN believes that if you run, then you are a runner. No matter where you run, or why. No matter how far or how fast. If you run, NATHAN runs with you.

# Hydration

Dehydration is a leading cause of training injuries—and not just for elite athletes. Your body is 60-65% water, so **everyone** from beginning runners to fun runners to competitors needs a hydration plan to **fuel properly, perform better,** and **recover quicker!**

Whether your running goals include faster times, longer distances, camaraderie with friends, or simply less time on the couch, your body needs fluids constantly to keep your tank full. That means hydrating **BEFORE, DURING** and **AFTER** every run.

Check out our classic (and NEW & exciting!) hydration solutions that'll get you there!

# SafeRun Collection

Running presents challenges day or night and at NATHAN we are developing a comprehensive line of products to empower runners to put in the miles and get home safely. The ultimate goal is elevating safety as a topic in running, keeping us all safe and educated as we hit the road/trails. It is not our position to try and eliminate all dangers, but to empower the running community to run prepared. We are introducing a series of personal safety devices including the new NATHAN SaferRun Ripcord Siren, which blasts sound at 120 dB and can be heard up to 600ft away. This tiny alarm system is a deterrent and can alert others in case of an incident. Beyond that, we are offering core products with designated storage for the SaferRun Ripcord Siren and other existing deterrents (like pepper spray).

NEW
